

## TRUE DIVINATION with Tarot, Angels, Devas, Crystals

This innovative & comprehensive workshop will explore many different divination tools, demonstrating how each of these connects us to the Source, and how to safely & accurately communicate this knowledge. We'll be using the Tarot, energy cards (the Devas of Creation and others), angel cards, pendulums, crystals and guided meditation.

This is a workshop designed to work on a number of different levels – to brush up on reading skills, to increase self-confidence and the ability to read accurately, as well as grow our connection with the Other-Worlds. We will harness the power of the new paradigm that is beginning to change the way we think, and explore the OtherWorlds to see how this new thinking informs the different types of divination. We'll also look at the questions asked by professionals – ethics, charging, therapeutic readings, etc, to ensure that you feel confident to offer professional readings to clients. At the end of the weekend you should feel refreshed and invigorated, understanding your own special talents spiritual gifts, and knowing how best to utilise them in the world.

The facilitators, Cilla Conway and Wendy Erlick, have been working with intuitive counselling for over 55 years in total. **Wendy** is a reader at Watkins Bookshop, a qualified BGI-Aura energy healer, intuitive coach and Angel channeller. **Cilla** is the author of *The Intuitive Tarot*, the *Devas of Creation*, and (with John Matthews), the *Byzantine Tarot*.
